

Domain Transfer Information

In order for The eTribe Network / Tomahawk Digital Technologies to complete your domain name transfer request, we require a transfer approval from you (the domain's official Administrative Contact). Below are the steps to follow in order for your domain name to be successfully transferred to the eTribe Network / Tomahawk Digital Technologies.

Step 1

Type the text/copy provided below on your company letterhead. If you do not have company letterhead, type your name and address in the top left corner or in the centre at the top of the page using a larger font size (to make it look like a letterhead).

Below is the copy to include in your letter:

_____ Your name or Company letterhead
_____ Your address or Company address

DATE: _____
I authorize Tomahawk Digital Technologies (eTribe Network) to transfer the domain name
www. _____ to Tomahawk Digital technologies, as per NIC tracking
{your domain here}
number _____ ← {leave blank if not known}
Regards,
← your signature
← your title

NOTE: We will fill in the NIC tracking number for you.

Step 2

Fax the letter to Tomahawk Digital Technologies at: (705) 256-7786. Don't forget to sign it! When faxing the letter, please state **Attention: Tomahawk Digital Technologies Administration** at the top. We will then notify you once the transfer has been completed.
